

Section 179 Deduction Calculator

The Section 179 Deduction has a real impact on your equipment costs. Here's an easy-to-use calculator that will help you estimate your tax savings. Simply enter in the purchase price of your equipment and/or software, and let the calculator take care of the rest. Please note that this Section 179 Calculator fully reflect the current Section 179 limits and any and all amendments / bonus depreciation.

Cost of Equipment:

Assuming a tax bracket of: %

** Please add applicable taxes.

*** These figures do not represent an actual quote or proposal. They are only intended to provide general guidance on the possible costs and savings likely to be available with these programs. The calculator presents a potential tax scenario based on typical assumptions that may not apply to your business. This page and calculator are not tax advice. The indicated tax treatment applies only to transactions deemed to reflect a purchase of the equipment or a capitalized lease purchase transaction. Please consult your tax advisor to determine the tax ramifications of acquiring equipment or software for your business. For more info, please refer to the Section 179 website: www.section179.org.
